PROJECT

Weather Website

- I developed a react weather website, integrating the Open Weather API for real-time data
- deployed the weather website on GitHub [link](#)

ACADEMIC PROJECT

(Team Size: 3)

Project description

- The idea is used to sustainable practices by utilizing biodegradable detergents for dry cleaning.
- Utilized strategic marketing techniques to effectively communicate the benefits of the discount package to the target audience.

TECH COMMUNITY INVOLVEMENT

- Participated in Hacktoberfest [2022], an annual event encouraging open-source contributions and community engagement.
